Briefing Pilotes

Double drapeaux jaunes agités

À tout moment, lorsque des drapeaux jaunes agités doubles sont présentés, cela peut signifier :
Des commissaires sont exposés.

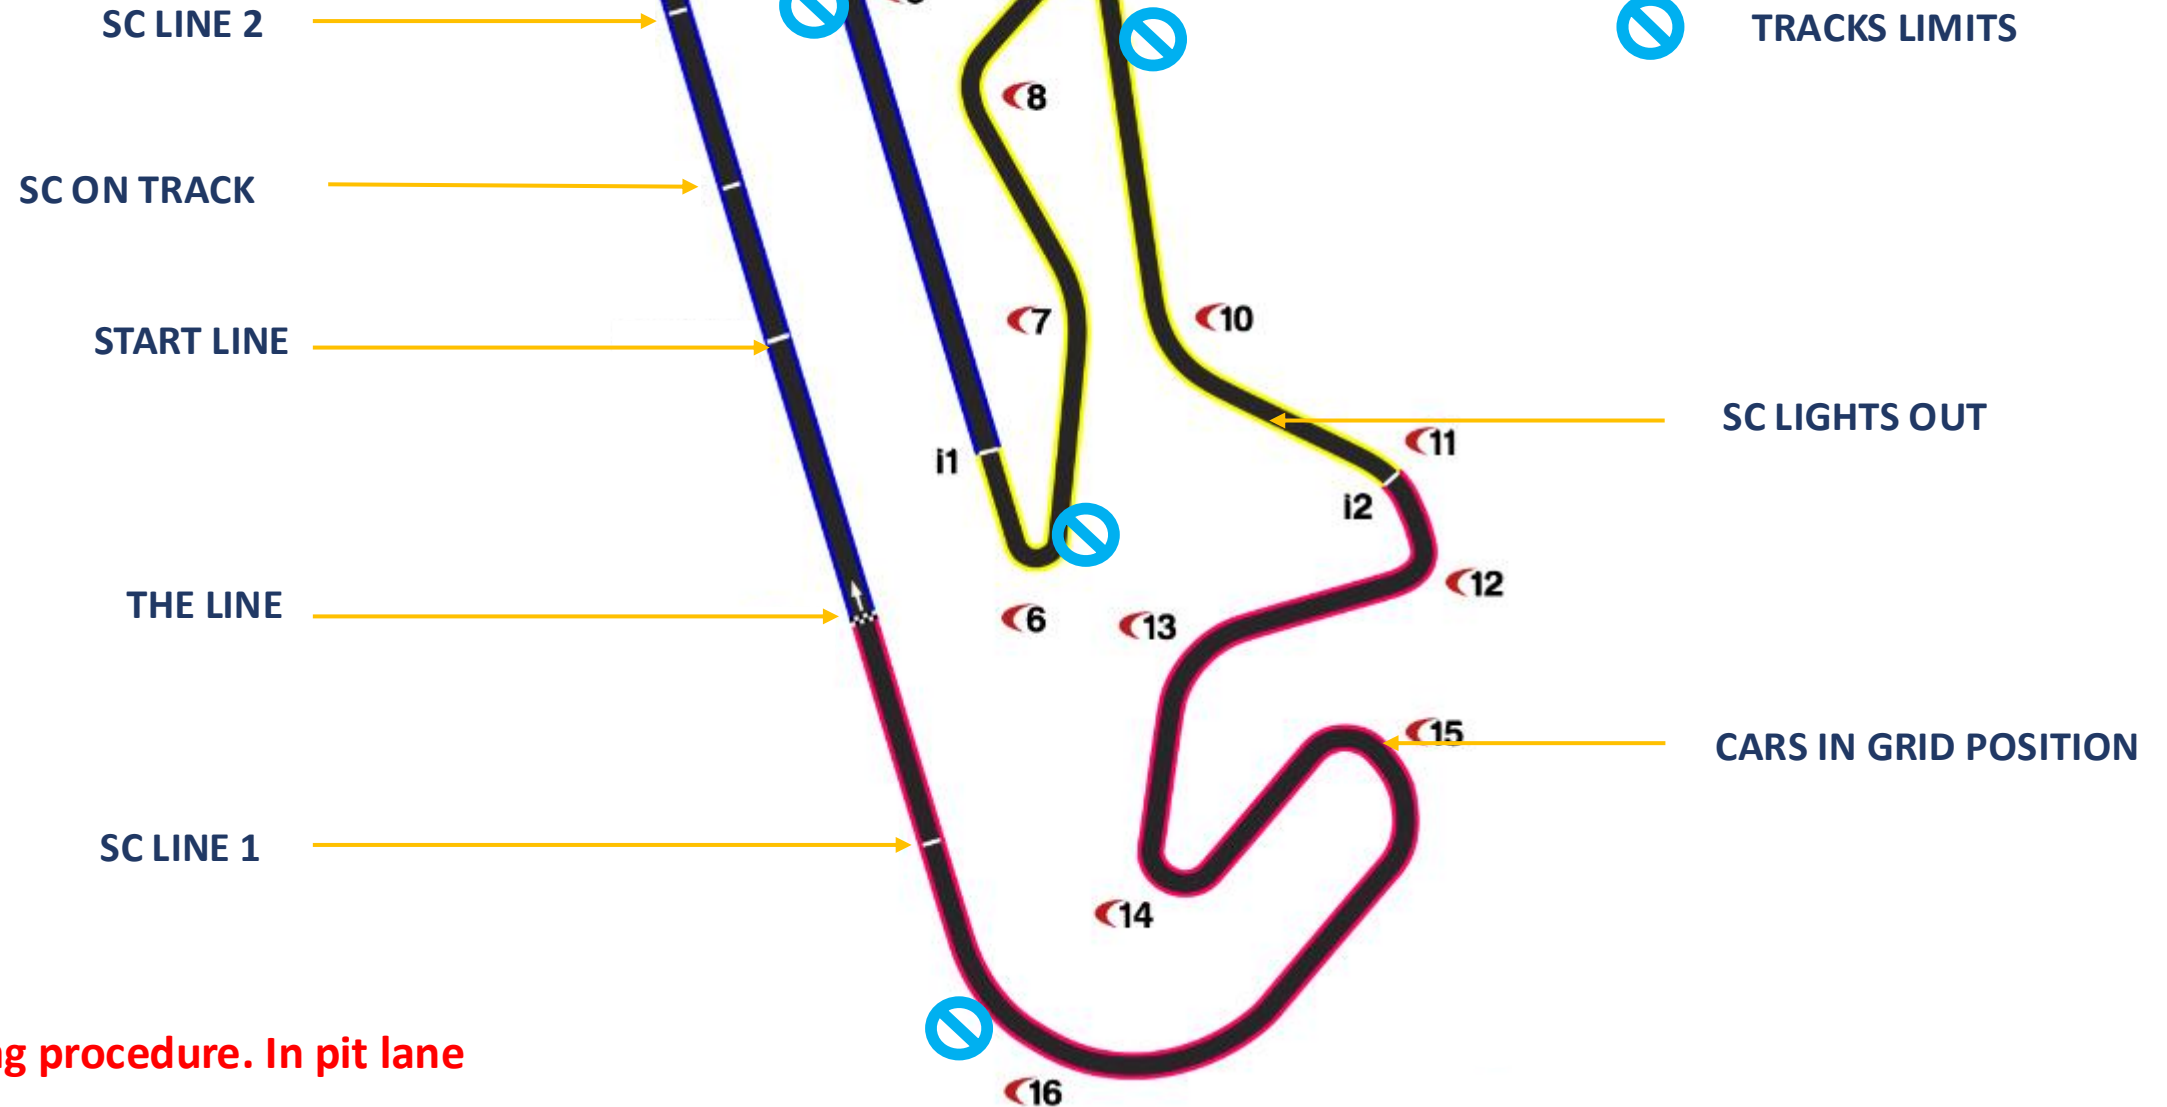

Des véhicules d'intervention sont exposés.

Des ambulances peuvent être exposées.

Conformément à l'Art. 2.5 de l'Annexe H, en présence de doubles drapeaux jaunes agités, les pilotes doivent être prêts à changer de direction, voire à s'arrêter.

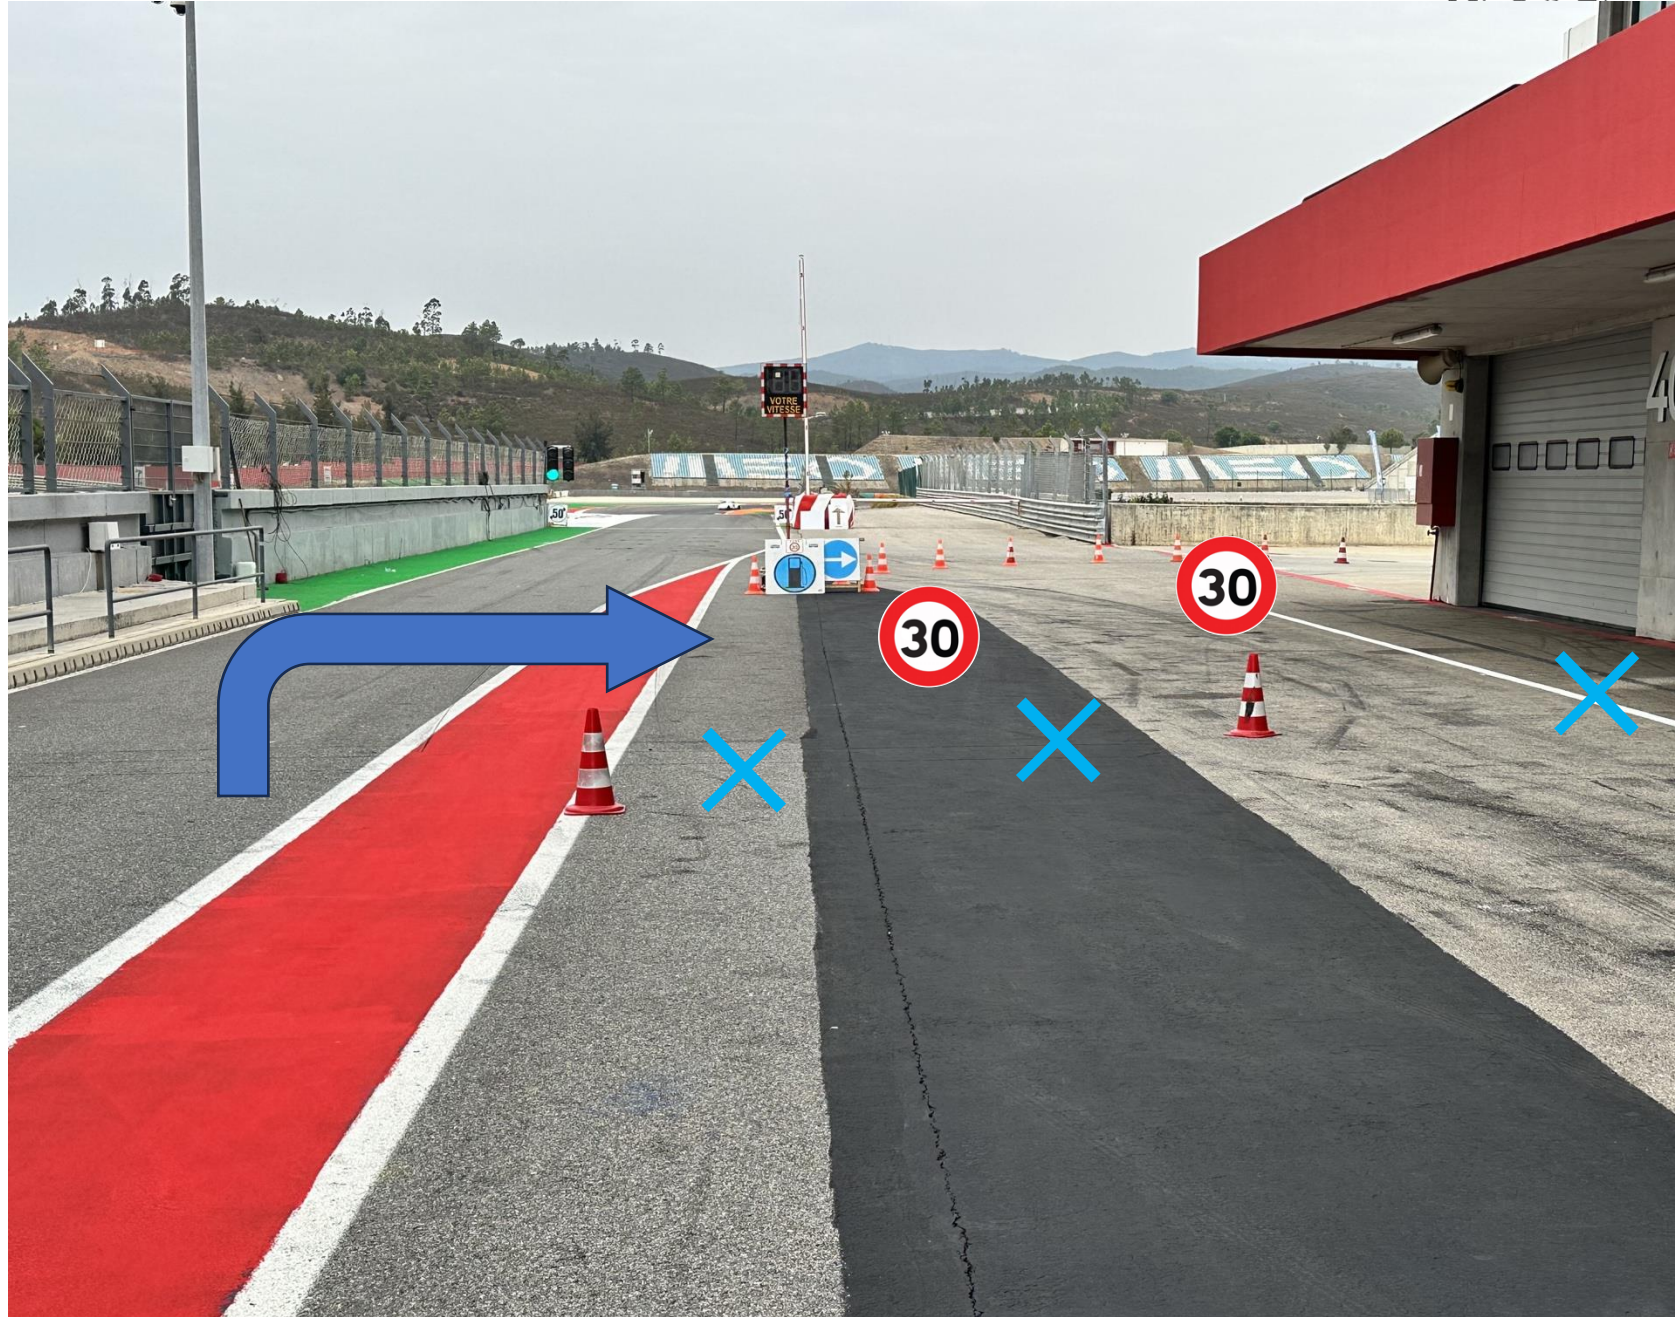

Ce signal peut être utilisé pendant une FCY, une SC ou un drapeau rouge, afin de mieux informer les pilotes.
